THE LIFE AND LEGACY OF SIMON WIESENTHAL

I Have Never Forgotten You is a riveting and comprehensive journey into the life and legacy of Simon Wiesenthal. Narrated by Academy Award winning actress, Nicole Kidman, it features interviews with long time Wiesenthal associates, government leaders, friends and family members, many of whom have never discussed the legendary Nazi hunter on camera. Filmed in 9 countries, it offers previously unseen archival film and photos in telling the inspirational and remarkable story of how a single person, untrained as an investigator, brought to justice many of the most infamous Nazi war criminals responsible for the murder of 6 million Jews.

I Have Never Forgotten You is produced by the Simon Wiesenthal Center's Moriah Films, two-time Academy Award™-winner for Best Documentary Feature: *Genocide* (1981) and *The Long Way Home* (1997).

“Having survived through nothing less than a miracle, I have remained true to those who suffered with me; their last thoughts, their hopes and their fears have become my own.”
