

LETTER TO THE EDITOR OF THE TORONTO STAR

Re- McQuaig: Partner in flotilla ‘farce’ (June 15, 2010)

Has Linda McQuaig been too busy damning the state of Israel to notice the many news reports detailing the truth about the Orwellian-named Gaza “Freedom Flotilla”? For if Ms. McQuaig was indeed aware of the Turkish terrorist group IHH’s connection to the Mavi Marmara, how could she possibly have written an article equating Israel’s attempts to defend itself against terror to the 1985 killing of a handicapped civilian by the group that gave birth to these very same terrorists? How is it possible that she so carelessly neglected to include in her article the links between those who funded the ship and their close friend Iranian President Mahmoud Ahmadinejad? Israel has a right to defend herself against those who have made it clear they seek to destroy her. It seems Ms. McQuaig has opted to join Helen Thomas in the ‘biased reporting’ club. NDP Deputy Leader Libby Davies must be cheering from the sidelines.
